1. Billing Structure & Charge Heads

The billing structure defines what charges are applied to each flat every month. Admin Only

What is a Charge Head?

A charge head is a specific line item in the maintenance bill. Common examples:

Charge Head	Type	Amount (Example)	Description
Maintenance	Fixed	Rs. 2,500/month	Basic society maintenance
Sinking Fund	Fixed	Rs. 500/month	Major repairs reserve fund
Water Charges	Fixed	Rs. 300/month	Water supply charges
Parking	Fixed	Rs. 200/month	Car parking charges
Non-Occupancy	Percentage	10% of maintenance	Extra for rented flats

Example: Setting Up Billing Structure

- 1 Go to Finance > Billing Structure
- 2 Tap "Create New Structure" and name it (e.g., "FY 2026-27")
- 3 Add charge heads one by one with amounts
- 4 Preview the total per flat before activating

2. Maintenance Bill Generation

Generate monthly maintenance bills for all flats based on the active billing structure.

Admin Only

Example: Generating October 2026 Bills

- 1 Go to Finance > Generate Bills
- 2 Select billing period: October 2026
- 3 Set due date: 10th November 2026
- 4 Review the preview showing all 87 flats with amounts
- 5 Tap "Generate" — bills are created for all flats

Bill Status	Meaning
PENDING	Bill generated, payment awaited
PARTIALLY_PAID	Some amount received, balance due
PAID	Full amount received
OVERDUE	Due date passed, not yet paid

Note: Bills automatically move to OVERDUE status after the due date passes.

3. Payments & Online Collection

Members can view their bills and pay online. Admins can record offline payments.

For Members Member

- 1 Open Finance — your pending dues are shown at the top
- 2 Tap "Pay Now" on any pending bill
- 3 Pay via Razorpay (UPI / Card / NetBanking) or bank transfer

For Admin — Recording Offline Payments Admin Only

- 1 Open any member's pending bill
- 2 Tap "Record Payment"
- 3 Enter amount, payment mode (Cash/Cheque/NEFT), and reference number
- 4 Bill is marked as paid with payment trail

Example: Recording a cheque payment

Mr. Sharma (A-101) pays Rs. 3,200 via cheque #456789.

Admin opens Mr. Sharma's Oct bill > Record Payment > Amount: 3200, Mode: Cheque, Ref: CHQ-456789.

Bill status changes to PAID. A receipt is generated automatically.

4. Flat-wise Charge Overrides (Differential Billing)

Override specific charge head amounts for individual flats. Admin Only

Example: Ground floor has no lift — waive lift maintenance

Standard lift charge: Rs. 200/month for all flats.

For flat A-001 (ground floor): Set charge override = Rs. 0 for "Lift Maintenance".

A-001's bill will exclude lift charges, while all other flats pay Rs. 200.

Example: Larger flat pays higher maintenance

Standard maintenance: Rs. 2,500/month.

Flat B-401 (penthouse, 1200 sqft): Override maintenance = Rs. 4,000/month.

Only B-401's bill reflects the higher amount.

5. Defaulter Register & Reminders

Track members with outstanding dues with aging analysis. **Admin Only**

Aging Bucket	Description
0-30 days	Recent dues (current month)
31-60 days	1-2 months overdue
61-90 days	2-3 months overdue
90+ days	Chronic defaulters

Example: Sending Payment Reminders

- 1 Go to Finance > Defaulter Register
- 2 View all members with unpaid bills grouped by aging
- 3 Tap "Send Reminders" — notifications sent to all defaulters via app notification, email, and WhatsApp

6. Member Statements

A complete ledger of all bills and payments for a member. Like a bank passbook for society dues.

Example: Mr. Patil's Statement (A-301)

Date	Description	Debit	Credit	Balance
01 Apr 2026	Opening Balance			Rs. 0
01 Apr 2026	Apr Maintenance Bill	Rs. 3,200		Rs. 3,200

08 Apr 2026	Payment - UPI	Rs. 3,200	Rs. 0
01 May 2026	May Maintenance Bill	Rs. 3,200	Rs. 3,200
01 Jun 2026	Jun Maintenance Bill	Rs. 3,200	Rs. 6,400
15 Jun 2026	Payment - Cheque	Rs. 6,400	Rs. 0

Members can view their own statement. **Admins** can view any member's statement.

7. Chart of Accounts & Journal Entries

Double-entry bookkeeping system for proper society accounting. **Admin Only**

Account Types

Type	Examples	Normal Balance
ASSET	Bank Account, Cash in Hand, Fixed Deposits	Debit
LIABILITY	Security Deposits, Advance Maintenance	Credit
INCOME	Maintenance Income, Interest Income, Hall Booking	Credit
EXPENSE	Electricity, Water, Salary, Repairs	Debit
EQUITY	General Fund, Sinking Fund, Repair Fund	Credit

Example: Recording an electricity bill payment

Society pays Rs. 25,000 electricity bill via bank transfer:

Account	Debit	Credit
Electricity Expenses	Rs. 25,000	
Bank Account		Rs. 25,000

Both sides balance — this is double-entry bookkeeping.

8. Financial Reports

Auto-generated reports from your journal entries and bills. **Admin Only**

Report	What it Shows	When to Use
Income & Expenditure	All income vs. all expenses for a period	Monthly committee meetings
Balance Sheet	Assets, Liabilities, and Fund balances	Annual General Meeting (AGM)
Receipts & Payments	Cash flow — money in vs. money out	Quarterly review
Trial Balance	All account balances to verify books tally	Before closing books
Collection Dashboard	Bill collection percentage, pending amounts	Track monthly collection

9. Vendor Management & TDS Compliance

Manage society vendors and auto-calculate TDS deductions. **Admin Only**

Adding a Vendor

- 1 Go to Finance > Vendor Master
- 2 Add vendor with Name, PAN, GST number, and TDS rate

Example: Paying security agency with TDS

ABC Security Services — Monthly bill: Rs. 50,000, TDS rate: 2%

Item	Amount
Gross Bill	Rs. 50,000
TDS Deducted (2%)	Rs. 1,000
Net Payment to Vendor	Rs. 49,000

The TDS Dashboard tracks all deductions and shows pending TDS deposits to the government.

TDS Deposit Reminder: TDS deducted must be deposited with the government by 7th of the following month. The app tracks pending deposits and shows reminders.

10. Budget Planning

Plan annual budgets with income and expense line items. Compare actual vs. budgeted amounts. **Admin Only**

Example: FY 2026-27 Budget

Category	Line Item	Budgeted
Income	Maintenance Collection (87 flats x 3200 x 12)	Rs. 33,40,800
Income	Interest on FD	Rs. 1,50,000
Expense	Security Services	Rs. 6,00,000
Expense	Electricity (Common Areas)	Rs. 3,00,000
Expense	Water Charges	Rs. 2,40,000
Expense	Lift Maintenance (AMC)	Rs. 1,80,000
Expense	Housekeeping	Rs. 2,40,000
Expense	Repairs & Maintenance	Rs. 2,00,000
Surplus / (Deficit)		Rs. 15,30,800

The "Budget vs Actual" view shows how real spending compares to the plan.

11. GST Invoices

For flats with maintenance above Rs. 7,500/month, GST-compliant invoices are auto-generated with the society's GSTIN. **Admin Only**

GST Rule: If monthly maintenance exceeds Rs. 7,500 per flat, 18% GST is applicable on the entire amount (not just the excess). Configure your society's GSTIN in Finance > Settings.

12. Fund Tracking

Track society funds like Sinking Fund, Repair Fund, and General Fund separately.

Example: Fund Balances

Fund	Balance	Purpose
Sinking Fund	Rs. 12,50,000	Major structural repairs, repainting
Repair Fund	Rs. 3,20,000	Day-to-day repairs
General Fund	Rs. 5,80,000	Operating expenses
Education Fund	Rs. 75,000	Children's activities, library
